

Dear GSRs, Area, District and General Committee Members and Officers, other interested alcoholics,

Twelve years ago young alcoholics began meeting to discuss and provide service in opportunities where they could reach out the hand of AA to newcomers and younger members. These alcoholics became a Young People's (YP) service committee known as the Tri-County Young People in Alcoholics Anonymous in 2004. TRICYPAA serves: Area 5- Districts 4 & 30 and Area 9- Districts 8, 11, 14, 17 & SW of 30.

Recently, outreaching efforts and fellowship opportunities within AA has increased service activity. It attracts young newcomers and carries the message. The California young fellowship is experiencing a large growth in membership and networking. Committees hosting meetings, followed by events, are constantly keeping this fellowship fresh, exciting and fun.

Tricypaa bids every year on the All California Young People in Alcoholics Anonymous annual convention (ACYPAA). This year, the Acypaa Council, granted Tricypaa the opportunity to host their annual "Acypaa Summit." The weekend event takes place once a year; six months prior to the primary convention. Summit is an event designed to provide information to all California YP service committees about the bidding process required to host an annual convention like ACYPAA.

Tricypaa has invited YP committees from all over California to attend this event. We would like to extend that invitation and welcome any **GSRs, Area, District and General committee members, Officers, Delegates, AA Grapevine, and other interested alcoholics** to attend the Summit. Many of our supporting alcoholics are young at heart and continue to offer experience, strength, and hope.

Summit Information: October 1st-3rd, 2010
